

UNITED STATES PATENT AND TRADEMARK OFFICE  
**CERTIFICATE OF CORRECTION**

PATENT NO. : 7,074,474 B2  
APPLICATION NO. : 10/717514  
DATED : July 11, 2006  
INVENTOR(S) : Yasuhiro Toi et al.

Page 1 of 2

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Claim 5, which appears at column 5, lines 53-67; and  
column 6, lines 1-3; is amended as follows:

5. A composite material stiffened panel, comprising;  
a first panel-shaped fabric material;  
stiffeners placed on said first fabric material;  
a second fabric material placed on said stiffeners so as to cover at least some of said  
stiffeners, said second fabric material being formed so as to match the shape of said  
stiffeners, said second fabric material being stitched on said first fabric material along  
edges of said stiffeners for facilitating positioning of said stiffeners;  
a hardened resin infiltrated into said fabric materials, and wherein said stiffeners  
placed on said first fabric are made of fiber-reinforced resin-composite material [[,]]  
~~—said second fabric material being stitched on said first fabric material along edges of  
said stiffeners for facilitating positioning of said stiffeners;  
a hardened resin infiltrated into said fabric materials, and wherein said stiffeners  
placed on said first fabric material are of metal.~~

Claim 14, which appears at column 6, lines 45-52 is amended as follows:

14. A composite material stiffened panel, comprising;  
a first panel-shaped fabric material; stiffeners placed on said first fabric material;  
a second fabric material placed on said stiffeners so as to cover at least some of said  
stiffeners, said second fabric material being formed so as to match the shape of said  
stiffeners [[.]] ;
